

## *Employee of the Month*

### **February 2018 Sherry Linane**

Sherry started off in supported living, worked at multiple ICFs, and now is at Transitional Living. She often picks up extra shifts across the programs where she is trained. She will offer to come in early, stay late, switch shifts, and jump over to another program whenever she is needed. She consistently asks what she can do to help and has been a great asset everywhere she works! Sherry takes the time to get to know each person served she works with and genuinely wants them to have the best lives possible. She is kind and enthusiastic, offering the persons she supports work on their goals and dreams for the future. Sherry doesn't hesitate to offer new ideas and looks for new opportunities throughout the community. Her positivity and hard work are greatly appreciated!

Thank you, Sherry!
